Notices of Motion

30(a). *To consider the following Notice of Motion submitted by Councillor Mary Bohan*

I propose that Leitrim County Council call on the Minister for the Environment, Mr John Gormley, T.D to withdraw circular letter PSSP/1/10 RE:- implementation of new EPA code of practice on wastewater treatment and disposal systems serving single houses and that we the members of Leitrim County Council direct the executive to continue with the system in place prior to the circular of January 5th until suitable measures such as reed and willow beds or other alternative engineering solutions are put in place as proposed by the Environmental Section of this Council. This is essential for the future of our people and our county because of soil type in this County.
