Expressions of Interest sought for long-term leasing arrangements

The Department of Environment, Heritage and Local Government invites expressions of interest for the provision of dwellings under a new long term leasing initiative.

- Local authorities will lease private dwellings;
- Properties will be tenanted, managed and maintained by the local authority;
- Leases will be for between 10-20 years;
- Rent will be guaranteed for the whole lease period;

All expressions of interest should be submitted on a standard template available for download at www.environ.ie and returned for consideration to the relevant local authority. Submissions must include a minimum of 5 properties and consideration will only be given to properties in areas where the local authority has a need for housing. Properties must be of a good quality and comply with all planning and building regulations. All properties must have a structural guarantee.

Further information is available on www.environ.ie.
